

Dr. Robert Allaby BSc, DC

Dr. Robert Allaby was born and grew up in Fredericton, New Brunswick graduating from Fredericton High School in 1983. He attended the University of New Brunswick and graduated with a Bachelor of Science in Biology in 1987. He put himself through university by working summers for the Research and Productivity Council where he was a research assistant working in the field of pesticide

application and spruce budworm control. In 1987 he conducted a senior research project in which he studied the effects of a potash mine's waste effluent on the flora and fauna of the Bay of Fundy ecosystem.

In 1988 Robert was accepted into the doctor of chiropractic program at the Canadian Memorial Chiropractic College in Toronto, Ontario. He graduated cum laude in 1992. In 1992 he began practice in Saint John, N.B. where he was an associate of Dr. Peter Magee. In the fall of 1993 he opened Allaby Chiropractic Clinic in his hometown of Fredericton, N.B. where he practices to this day.

In the fall of 1995 Dr. Allaby was elected to serve on the board of governors of The CCA representing the provinces of New Brunswick and Prince Edward Island. On the board of governors he has served on numerous committees and has chaired the members' benefits, insurance and is now chair elect of the communications committee. He has been a member of the College of Chiropractic Sport Sciences and is chiropractor for the National Sport Center (Atlantic) in Fredericton. He also serves as chair of the continuing education committee for New Brunswick and serves on the Workplace Health Safety and Compensation Commission. Recently, Dr. Allaby was asked to sit on the advisory board of the University of New Brunswick's faculty of Kinesiology to give his input with regards to better preparing students who wish to pursue a career in chiropractic. Dr. Allaby was appointed to the executive of the Canadian Chiropractic Research Foundation in 1999 and served as treasurer until his election as President in May 2003.

When Rob is not traveling on chiropractic business, most often he can be found (or lost) along the pristine Fundy coastline with a backpack on his back and a beloved Leaf hat on his head.
