

Provincial Representatives

Dr. Dave Leprich
Ontario
Membership Campaign Chair

Dr. Dave Leprich from St. Catherines Ontario has graciously accepted the Foundation's invitation to become involved with the CCRF, initially to spearhead a membership drive. Dr. Leprich is a past president of the Canadian Chiropractic Association, an exemplar of the profession, and brings tremendous experience and value to the CCRF.

CCRF's goal is to have all 5760 Canadian chiropractors become annual contributing members of the CCRF. At \$125.00 per year that represents over \$700,000 which will catalyze our profession's research capacity. The Foundation's intentions would be to leverage that \$700,000 and create opportunities that bring substantial benefit to our profession in terms of supporting research. The \$125.00 is the minimum amount to become a member. We have \$1000 members and we already have our first platinum member at \$5,000 (Dr. Gilles Lamarche from Timmins Ontario).

Recently the Board of Directors for the CCRF appointed ten provincial representatives to provide regional portals and engage the membership. Talk to them about the Foundation's goals and objectives.

Dr. Chris Martin
British Columbia

Dr. Dave Peterson
Alberta

Dr. Rob Kitchen
Saskatchewan

Dr. Stephan Cooper
Manitoba

Dr. Dean Wright
Ontario

Dr. Guy Beauchamp
Quebec

Join us!

Dr. Frank Mangoni
New Brunswick

Dr. Pat Milroy
Nova Scotia

Dr. Debbie Brake-Patten
Newfoundland/Labrador

Dr. Vince Adams
Prince Edward Island

Your membership in the CCRF will make a difference!

Membership Opportunities

The Foundation has several categories of membership but you may donate any amount you wish. Each member will receive a tax receipt for the full donation amount, the Chiropractic Research Bulletin, a listing in the Bulletin if you wish, and a Membership Certificate for your office.

Every dollar you donate helps us reach our goals. You may even attach conditions to your donation such as supporting a university-based Chiropractic Research Chair in your province, or a specific research interest.

In 2007, the Foundation will hopefully see up to 3 more university-based Chiropractic Research Chairs become available. Each Chair requires \$500,000 so please be generous.

Help us reach our goals!

Bronze Membership	\$125	Gold Membership	\$1,000
Silver Membership	\$500	Platinum Membership	\$5,000
